Any alternative vendor(s) must be approved, on a case by case basis, by GSS prior to contracting to lease.</p> <p>Non-covered Organizations (Transportation Authority, Transportation Trust Fund, public school districts, Legislative Branch and the Board of Pension Trustees) must conduct an analysis of available financing alternatives from several potential vendors and select the vendor with the lowest financing cost.</p> <p>The lessee Organization is responsible to ensure all proper documentation is prepared, including Federal form 8038. The Secretary of Finance is the only authorized signatory for this form. Each Organization must forward the Federal form 8038, with the appropriate background information, to the Office of the Secretary of Finance (Attention: Director of Bond Finance). The form will be reviewed, signed, and returned to the lessee Organization for filing.</p> <p>For aggregate amounts greater than \$3 million, the Director of Bond Finance in the Office of the Secretary of Finance must be consulted to determine whether a more economic manner to finance the proposed equipment should be considered.</p> <p>By its nature, leasing represents the most expensive form of finance capital to the State. Equipment that has less than a 10-year life should be paid for with operating (non-bond) funds. Equipment that has at least a 10-year life may be eligible for purchase with general obligation bond funding and should be incorporated in the Organization's capital budget funding request. Under no circumstances shall general obligation bond authorization be used for lease payments.</p>
